

August 6, 2010-IAQA Atlanta Chapter Workshop...

The Atlanta Chapter of the Indoor Air Quality Association is pleased to announce our next workshop on Friday-August 6, 2010.

Sponsored by Pine Environmental

Interpreting Mold Reports from Building Investigations

Speaker: Elliott Horner, PhD, LEED AP and FAAAAI

Dr. Elliott Horner will give an overview of a guidance rostrum for non-consultants on how to evaluate the quality of an investigation and the report. This rostrum was developed for people who are presented with mold/moisture reports and that are being asked to act on the report, but that are not experts in the field. What should they look for to judge the strength of the report?

Why a Remediation Project Fails

Speakers: Ken Duvall and Walter Carter

Ken Duvall and Walter Carter have both been involved in the indoor air quality profession since the 1980's. Both have testified as an expert witness in numerous cases regarding what failed causing negative indoor environmental issues. Their talk will combine nearly 60 years of experiences in why remediation projects fail. Mr. Duvall was on the Orange County California Chapter IAQA Board of Directors for 8 years prior to joining the Atlanta Chapter. Mr. Carter is current Director of the Atlanta Chapter of IAQA.

Time: 8:30 a.m. – 12:00 p.m.

LOCATION: Atlanta-Galleria Hampton Inn & Suites, I-285 & Cobb Parkway, 2733 Circle 75 Parkway, Atlanta, GA 30339. Ph: 770-955-1110 Fax: 770-955-1154.
