

February 1, 2019
8:00am-12:15pm

Atlanta Chapter WORKSHOP

KSU Center
3333 Busbee Drive, Rm 242
Kennesaw, GA 30144

HOW A PROFESSIONAL DEALS WITH PROBLEM CLIENTS AND LEGAL CLAIMS

Speaker: Dr. Karl J. Duff, Ph.D., J.D., Professional Liability Consultants, LLC

We have all been there; we strive to take the best care of our customers but there are those “difficult” ones. This presentation deals with how to interact with problem clients in difficult situations. You will leave with a better understanding of how to identify potential legal claims and claim warning signs. In addition, you will also be provided with provide guidance on how to react to legal claims if they do happen. Join us as Dr. Karl Duff shares his legal knowledge with over 35 years of legal practice in the environmental field.

BEST KEPT SECRET IN SAMPLING FOR FUNGI – AN INTRODUCTION TO THE MYCOMETER TECHNOLOGY

Speaker: Lisa Rogers, President Mycometer

Time; a common constraint for most projects. Sometimes the application can’t afford the time needed for traditional microbiologist fungal analytics. The Mycometer Technology for rapid assessment of total fungal biomass in air, on surfaces and in bulk materials has been around for 20 years. Whether you are familiar with the only rapid technology that has been successfully verified by the USEPA or not, get reacquainted with this rapid, robust tool, its simplicity, applications, data management and how it can provide an advantage when time is an issue. Hands on Demonstration will be included. Lisa Rogers will share her knowledge of fungal characterization with more than 35 years of experience in the environment and health and safety fields including active participation in standard setting committees such as ASTM.

8:00-8:30- Registration, Continental Breakfast
8:30-8:45- Introductions, Bryan Ligman, Chapter Director
Sponsor Presentation, Tom Grillo, Particles Plus
8:45-10:15- Presentation #1, Dr. Karl Duff
10:15-10:30- Break
10:30-12:00p- Presentation #2, Lisa Rogers
12:00p-12:15p- Conclusions and Announcements

Continuing education credits: 4 ACAC Certification Renewal Credits, which cover IESO and IAQA requirements; ABIH and IICRC approved. RIA applied (verifying)

**Our next meetings: May 3, 2019,
August 2, 2019**
